EXPERIENCE

Mar 2019 **THE AUTHENTIC CO, INC.**

May 2019 UI/UX Design Intern

Researched, designed, and prototyped an exclusive entertainment product, prior to its public launch. The five-star application provides users a fun way to share/explore music.

Jul 2018 **TECH4GOOD**

Mar 2019 UI Designer/Developer

Collaborated with other designers in interating 20+ high fidelity product designs for a web application helping 130+ users learn web development in real-world settings.

Jul 2018 **MESA PROGRAM**

Aug 2018 GIE Intern

Educated 45+ young girls basic programming through Sphero, Scratch, and LEGO NXT in order to increase technical awareness among minorities and diversity in the industry.

Apr 2019 **UNIVERSITY OF CALIFORNIA, SANTA CRUZ**

June 2019 Technology and Information Management Tutor

Tutored a class of over 130 students in their product design projects replicating Figma to HTML/SCSS.

RECENT PROJECTS

TutorHub, UX Designer/Developer

Conducted user interviews, heuristic evaluations, and designed wireframes on a mobile-optimized web application for users to conveniently access tutors or become a tutor.

Vinegar, Product Designer

Researched, designed, prototyped, and tested a web application for students to collaboratively take/share notes. Created over 30 vector illustrations used throughout the webpages.
